

Agenda Item Request Form

November 12, 2019

ITEM: Consideration of authorizing the temporary closure of 4th Street at Business 98 for up to one day so that MAS Environmental can perform hand auger borings within the roadway.

BACKGROUND INFORMATION: MAS Environmental is investigating soil conditions in the vicinity of 4th Street and Business 98 related to an FDEP site assessment of a former fuel facility. To complete their investigation they need to perform four hand auger borings within the 4th Street roadway just south of Business 98. The applicant has provided a satisfactory pavement restoration plan and a suitable maintenance of traffic plan. DPW is prepared to issue a right of way use permit, but road closures require commission approval

DEPARTMENT HEAD RECOMMENDATION: Approval

Budget Impact: None
