

Agenda Item Request Form

ITEM: Consideration of Approval of Task Order with Mott MacDonald in the amount of \$215,000 to provide professional engineering services associated with the replacement of Pump Station No. 51 for \$144,000 and Station No. 22 for \$71,000. These two stations are part of the transmission line from PC North to Panama City.

BACKGROUND INFORMATION: For the city to be able to maintain the wastewater needs of PC North LS#51 and LS#22 will need to be replaced. The scope of work will include data collection on the existing facility and design of the new pump station. Data collection will include obtaining building dimensions, piping configurations, current pumping rates and pump run times and any other data to assist with the design approach. Design of the new pump station will include sewer modeling, site layout and piping configuration, structural and hydraulic design, electrical and SCADA design and all associated permitting.
