

Agenda Item Request Form

ITEM: Consideration to award contract for W 23rd St. Plaza Culvert Replacement and Utility Improvements to BCL Civil Contractors in the amount of \$865,415.00.

BACKGROUND INFORMATION: As a result of Hurricane Sally drainage pipes failed which caused a collapse of the roadway above and necessitated temporary repairs to utility lines. The damage closed the primary access to Windy Ln and Breezy Ln (both residential streets) in addition to a large commercial and retail center at W 23rd St Plaza. To remedy the issue and ensure this problem does not present itself again a box culvert solution has been proposed. Additionally, the utility lines will be replaced within the project area. This project was bid and two companies responded to bid number #PC21-050: Gulf Coast Utility Contractors at \$1,407,498.00 and the low bidder, BCL Civil Contractors at \$865,415.00. This project will be funded through FEMA and Mitigation dollars.

DEPARTMENT HEAD RECOMMENDATION: Award the contract to BCL Contractors in the amount of \$865,415.00.
